## ABOUT ME

B.Tech Computer Science Engineer with a solid academic background and practical experience in various technical domains, I aim to continuously improve and adapt my skills to become a valuable asset to my company. I am enthusiastic about applying my knowledge to real-world projects, collaborating with diverse teams, and creating innovative solutions that make a significant impact in the industry.

## EXPERIENCE

### INTERNSHIP

#### Progressive Software Solutions & Training

Completed a 5-month onsite internship in Python Django, where I worked on web development projects and gained hands-on experience with HTML, CSS, Python, Django framework, Bootstrap, AJAX, and jQuery.

Jan 2024 - May 2024 · 5 months

Muvattupuzha, Kerala, India · On-site  
Python-Django

### PROJECTS

#### AI-AssistCart

Built an AI-based online shopping cart using Django, featuring personalized product recommendations with the TF-IDF algorithm. The front-end was developed with HTML, CSS, and Bootstrap, while Django and AJAX were used for back-end functionality and dynamic updates.

Front-End: HTML, CSS, Bootstrap

Framework: Django

Back-End: Python, AJAX

Database: SQLite

Algorithm Used: TF-IDF (Term Frequency-Inverse Document Frequency)
